

## Prices Effective August 1, 2025

### **\*\*August 2025 Pricing Update\*\***

At Platinum Educational Group, we are committed to providing our valued customers with exceptional educational experiences, and as such, we will be implementing a slight price increase beginning in August 2025. This adjustment will not affect institutional fees for training, but student fees may experience a nominal change.

We strive to maintain competitive pricing while continuously investing in the latest technology, software programming, and expert customer support. Our commitment to excellence is reflected in our industry-leading customer satisfaction rate of 98%, as well as our shortest average call-back time for students and instructors.

The upcoming price increase will enable us to:

- Stay ahead of the curve with the latest technological advancements and innovative solutions.
- Enhance our customer support team, ensuring that our students and instructors receive unparalleled assistance and guidance.
- Maintain fair market value in an ever-changing economic landscape. Despite this adjustment, Platinum Educational Group remains more affordable than our competitors while offering a broader range of benefits, services, and overall value.

We appreciate your understanding and continued trust in our organization. If you have any questions or concerns about the pricing update, please do not hesitate to reach out to us.
